VOL. 55—NO. 228 JACKSONVILLE, ILLINOIS, THURSDAY MORNING, SEPTEMBER 22, 1921 EIGHT PAGES—THREE CENTS

EMERGENCY TARIFF POLITICAL BUNK

THIS STATEMENT IS MADE BY GOVERNOR ALLEN OF KANSAS

Says Also That American Valuation Section
Of Fordney Tariff is Monstrous Effort
at Price Fixing—Refutes the Theory That
Labor is the Basis of All Wealth

(By The Associated Press)
CHICAGO, Sept. 21.—Gov. Henry J. Allen of Kansas today termed the emergency tariff bill "political bunk," and the American valuation section of the Fordney tariff bill as a "monstrous effort at price fixing," at a luncheon of the Association of Commerce at which delegates to the convention of the American Association of the Baking Industry were the guests of honor.

In discussing the attitude of organized labor he termed the recent building wage findings of Federal Judge Landis a "just, reasonable and brotherly program."

The proposed St. Lawrence-Great Lakes Canal he described as of "greater importance to Chicago and the middle west generally than that of Panama."

GHOST OF JOHN BARLEYCORN IS STILL WALKING

Persists in Haunting
Halls of United
States Senate

(By The Associated Press)
WASHINGTON, Sept. 21.—John Barleycorn's ghost today came back to haunt congress as they reassembled after the summer vacation when the anti-beer bill bobbed up again in the senate. It met the same opposition over the search and seizure provisions as before the recess and again was shunted aside.

Senator Sterling, republican, South Dakota who previously had conferred with President Harding called up at the first opportunity the conference report on the Wilson-Campbell bill, which the house had adopted before the recess of last month but a call for a quorum, a motion to adjourn and other obstructive tactics prevented any real consideration of the bill.

Senator Reed, democrat, refused to agree to fixing a definite date for a vote and the senate then after an extensive session, adjourned until tomorrow.

Will Press Bill.
Senator Sterling promised tonight to continue pressing the conference report but final enactment remained in doubt. With opponents blocking a vote, republican leaders are insisting that the senate proceed with the tax revision bill.

This would head off action on the anti-beer measure and leave its disposition subject to later senate consideration of the railroad bill, peace treaty and other measures.

There was little doubt, leaders said that the senate would vote to give right of way to the tax bill over the legislation of beer. "Dry" leaders however, said that even should considerable more delay be encountered they have no fear of suspending beer regulations being issued by the treasury department.

**BENTON MAN IS
OUTER GUARD OF K. OF P.**
DECATUR, Ill., Sept. 21.—Daniel M. Ross, of Benton, was elected to the office of grand outer guard by Illinois Knights of Pythias, in session here and from this office will automatically advance until he attains the highest office the state has to offer, that of grand chancellor.

Judge A. A. Partlow of Danville was elected over William G. Edens to the position of supreme representative.

William Tell Fossitt of Springfield, defeated J. I. Farrell in the race for grand trustee. S. Y. Whitlock of Tuscola this year becomes grand chancellor succeeding S. J. O'Donnell, of Chicago.

**BOY BREAKS LEG
WHILE JUMPING**
Roy Beasly, an employee of the Purdy Candy company, broke his leg recently while jumping. The accident occurred during a jumping contest between several boys and it is rather unusual as few people break their legs jumping. He is, however, and the injured limb is rapidly improving.

THE LAST EXCURSION
The Chicago & Alton has announced another low rate excursion to St. Louis next Sunday. This is the last of the St. Louis excursions for this season, according to a statement made by Mr. Yorke, division passenger agent.

AMENDED HOUSE TAX REVISION BILL PRESENTED

Designed to Raise Approximately 3 1/2
Millions

(By The Associated Press)
WASHINGTON, Sept. 21.—The amended house tax revision bill was presented formally today to the senate by Chairman Penrose of the finance committee who gave notice that he would submit the majority report tomorrow and urge at that time that the measure be considered as soon as other business of the senate would permit.

Designed to raise approximately three and a quarter billions of dollars in revenue this fiscal year the amended measure provides for:

Repeal of the excess profits on January 1, 1922, as proposed by the house.

Reduction of the maximum income surtax rate from 55 per cent to 30 per cent effective January 1st, next, as provided in the house bill but with changes made in the lower brackets so as to reduce the amount of surtaxes paid by all individuals.

An increase of five per cent to 15 per cent in the normal corporation income tax, effective January 1, 1922, in lieu of the 2 1/2 per cent advance agreed upon by the house.

Repeal of the corporation capital stock tax beginning in 1922, a new provision.

A reduction of the freight and passenger taxes from three and eight per cent to 1 1/2 to 4 per cent respectively effective next January 1, with their repeal on January 1, 1923.

The house proposed repeal of all transportation taxes as of next January 1.

An increase of 500 in the exemption allowed to heads of families having net incomes of \$5,000 or less, a house provision.

An increase from \$200 to \$400 in the exemptions allowed on account of dependents also a house proposal.

The finance committee concurred in the house action in repealing the so-called nuisance and luxury taxes collected direct from the consumer and substituting manufacturers' taxes.

Republican leaders have not as yet determined when the bill will be taken up for debate but Senator Penrose said today it probably would not come up before Monday as it was desired to give members of the senate an ample opportunity to discuss it.

He added that there was a growing disposition to consider this measure and the treaty with Germany alternately, with the tax bill debated during the day and the treaty taken up at night sessions.

ONE MAN KILLED BY EXPLOSION

(By The Associated Press)
MILWAUKEE, Wis., Sept. 12.—One man was killed and six seriously injured in a boiler explosion which wrecked the yacht Cambria thirty miles off the Wisconsin shore in Lake Michigan today.

The ore freighter, Larry Cofit, which was near the yacht when the explosion occurred took the damaged vessel in tow and rendered aid until coast guards, summoned by wireless arrived to take charge of the rescue.

Only after their cutter had fought a strenuous battle with the storm that was sweeping the lake were coast guards able to remove the injured men from the Cambria. Public health service physicians accompanied the coast guards and administered first aid to the victims who were taken to a hospital here.

BUILDING ON SQUARE CHANGES OWNERSHIP

Real estate records yesterday noted the transfer of a building on the south side of the square by John N. Ward to P. R. Briggs. This is the building which is now occupied by Ye Books Shop and the Blue room of the Peacock Inn. The second floor rooms are also under lease to the Peacock Inn and the third floor is a part of the M. W. A. hall. The sale to Mr. Briggs was made by E. B. Wiswell.

Men are Murdered on Freight Train

(By The Associated Press)

ST. LOUIS, Mo., Sept. 21.—The bodies of three murdered men were found within a few miles of each other in Southern Illinois this evening by crews of Missouri Pacific trains. Two of the men are believed to have been former soldiers. Both wore uniforms. Police here believe robbery was the motive and assert the triple murder occurred on the same freight train. The bodies have not yet been identified and are in a morgue at Illinois, Ill.

The pockets of the three victims had been turned inside out. One body was found in a car of lumber at Duplo, a second found at Wolff Lake, 90 miles from here and the third at Halsey, two miles from Wolff Lake. The freight train which arrived in Duplo previously passed thru Wolff Lake and Halsey and enroute the crew of another train found the other two bodies along the right of way.

Two of the men had their skulls crushed and the third had been shot three times thru the body. A heavy piece of bloodstained lumber was found near the body discovered in the lumber car. The second body, picked up by the train crew enroute to Duplo, was found in a clump of weeds. The skull had been crushed. The body was cut and bruised. The third body, found near Halsey when examined showed two bullet holes thru the abdomen and the other in the left breast.

Two express receipts, one issued at Bigelow, Ark., Sept. 18 and Clark, Ala., which bore the destination of New Washington, Ohio, were found in the clothing of the man slain in the box car at Duplo. The receipts were made out to W. W. Kinkline and was signed by W. G. Kigh, as agent.

The initials in the pocket of the army coat worn by one man were "E. R. H." Seventh Infantry Company D. The man is believed to have been a discharged soldier from Camp Pike, Ark.

No marks of identification were found in the clothing of the other two victims.

WILL NOT RETURN WITH REMAINS OF UNKNOWN SOLDIER

Pershing Says Trip Has Nothing to Do With Selection of Body

(By The Associated Press)
PARIS, Sept. 12.—General Pershing informed the newspaper correspondents tonight that he would not return to America with body of an unknown American soldier. His trip, he said, had nothing to do with the selection of a body, and no private soldier was accompanying him for the purpose of making a selection.

This announcement caused surprise, inasmuch as all the despatches from the United States had declared that General Pershing was bringing a private soldier from the ranks to choose the body.

General Pershing will go to London after the ceremonies in France and decorate the grave of the British "unknown soldier" with the Congressional Medal. He will then sail from Liverpool, arriving in New York in time to receive Marshal Foch.

The selection of the unknown American soldier whose body is to be interred in Arlington, will be in the hands of Major General Henry T. Allen, commander-in-chief of the American army of occupation according to General Pershing who added that he himself would be in America when the body arrived.

He will go to Cologne about the end of the week to attend a review of all the American troops on the Rhine.

Takes Congressional Medals

WASHINGTON, Sept. 21.—General Pershing was formally commissioned by the government to carry to France and England the medals of honor voted by congress to the "Unknown Soldier" dead.

All arrangements for sending the body of the unknown soldier to the United States, according to Secretary Weeks are in hands of Major General Allen commanding the American forces on the Rhine. The war department, Mr. Weeks said recently had made no plans for the way in which the body was to be selected from among the unidentified American soldier dead in France.

WILL CONTINUE THE REVIVAL MEETINGS

The revival meetings which have been going on in Woodson under the direction of Rev. I. H. Fuller, continue to be very interesting and will continue all this week and probably all of next week.

At the close of the meetings next week there will be a concert furnished by local musicians. Mr. McVay, the singer who is assisting Rev. Fuller, will also sing several solos at this concert.

The pastors subject last night was "The Tabernacle." It was a short sermon but a very fine one. Mr. McVay sang "Homesick For Heaven."

D. A. R. LUNCHEON

The fall luncheon of Rev. James Caldwell Chapter will be held at Duncan Memorial Home Tuesday, Sept. 27th at 1 p. m. Daughters please make reservations with Mrs. Vera Caldwell, Ill. phone 1428 not later than Saturday, Sept. 24th. Reservations \$1 per plate.

WILL MEET TODAY

The ladies of State Street Presbyterian church will meet at 1 o'clock to make surgical dressings for Passavant hospital.

REPUBLICANS FAIL TO CARRY OUT PLEDGES

Attack on Administration Made by Senator Harrison

(By The Associated Press)

WASHINGTON, Sept. 21.—Senator Harrison of Mississippi one of the Democratic spokesmen in the senate today attacked President Harding for taking a vacation trip last week and charged the Republican administration with failure to carry out its campaign pledge to bring increased prosperity to the country.

The Mississippi senator in his speech which enlisted the re-convening of the senate declared that while President Harding and several members of his cabinet were enjoying the vacation trip, "millions of Americans were hanging their heads in shame," because men who "helped win the war" were being offered on the auction block in Boston.

"The American people want more work and less play," said Senator Harrison, looking across to the Republican side of the senate chamber, "more results and fewer recommendations; more money, tickets and fewer bread lines. More prosperity and fewer poor houses."

Comments on Letter
Senator Harrison made the letter recently written by President Harding to Senator McCormick, Illinois, chairman of the Republican senatorial campaign committee recounting the achievements of the Republican congress the basis for his address.

Inquiry from Senator Penrose, of Pennsylvania, a Republican leader as to his text, he said he was speaking on the deficiencies and delinquencies of the Republican party.

The president's letter to Senator McCormick, Senator Harrison said, shocked and almost pained some Democrats, and was written in the interest of the candidacy of Senator Bursum, Republican senatorial candidate in yesterday's election in New Mexico. Senator Lodge, of Massachusetts, Republican leader in this connection read a telegram announcing the election of Senator Bursum and explained that it was not presenting it as an argument but merely as information.

POLICE HOLD TWO SUSPECTS

Mark Marceau and Harry Wurzbarger Are Arrested—Claim Chicago As Residence.

Mark Marceau and Harry Wurzbarger, both giving their residence as Chicago, were taken in by the night police force last night suspected of being implicated in thefts at Nichols park.

The men arrived in the city Tuesday night in a Maxwell roadster. Wednesday they were about town and one of them claims to be an expert pocket billiard player. A collection of about three dollars was taken up for them at a local billiard hall and they went to the dance at Nichols park accompanied by Earl Hale, a local youth.

During the evening the police received word that thieves were going on at the park. Thomas Cosgriff lost an overcoat and articles were taken from automobiles. O. H. Spaulding took charge of Hale and held him until the arrival of the officers.

Marceau and Wurzbarger left in their car before they were apprehended. Hale told the officers that the men had told him if he would let them go they would give him a couple of dollars.

With this information the officers returned to the city and secured a local resident to take them in pursuit of the pair. They were overhauled on the road west of the city and taken to the station.

The men had three suit cases, a small hand bag and trunk on the car. Also a rifle. On the side of the car was an acetylene gas tank and welders' outfit was in the trunk. The men did not have much money and the police have not examined the baggage to see what it contains. So far as could be ascertained early this (Thursday) morning none of the stolen property was in possession of the men.

Both are well dressed and nice appearing young men. The car they are driving has an Illinois license No. 43831. This number has been reported to have been used by a car in the secretary of state's office and information as to its ownership will have to be obtained from that office.

R. S. Cook of 814 South Main street is reported to have lost a tire and Denham Harney is said to have lost something from his car, but the police did not learn what it was. The men will be held pending further investigation.

BIG REGISTRATION AT THE ILLINOIS U. CHAMPAIGN, Ill., Sept. 21.—

The end of the third day's registration tonight found 41 more students registered at the University of Illinois U. than at the same time last fall. The three days' total is 7,578. These figures including the Urbana-Champaign departments only, are larger than for the first four weeks a year ago.

GREAT EXPLOSION WRECKS GERMAN CHEMICAL PLANT

Dead Estimated at from One Thousand to Fifteen Hundred—Many More Are Injured—Almost Entire Town is Destroyed—Aid is Being Rushed to Stricken Town

(By The Associated Press)

MAYENCE, Germany, Sept. 21.—A great explosion today at the chemical products plant of the Badische Anilin- und Fabrik company at Oppau, on the Rhine, wrecked the town and spread death and destruction on every hand. The number of killed is variously estimated at from one thousand to fifteen hundred and the injured close to two thousand. One report says that there were three thousand men on the spot at the moment of the explosion and it is believed that about half of them were killed.

The town of Oppau is a scene of utter desolation, more than a third of the houses having been completely destroyed, while the roofs of the others were swept off as if by a whirlwind. Here also many were killed or injured.

The explosion is attributed by some to excess pressure in two adjoining gasometers the whole of this part of the works being literally pulverized. Where the gasometers stood is now a funnel shaped hole 150 yards wide and 45 yards deep, while twisted girders and debris of every description lie scattered about. For a distance of several hundred yards not a wall is left standing.

Occurred in Storehouse
The directorate of the company is quoted as saying that the explosion occurred in a storehouse containing four thousand tons of nitric sulphates which had been violently examined and was believed to be free from danger of explosion. All the workmen's buildings in the vicinity were razed. At Mannheim, on the opposite side of the river, thirty five persons were seriously injured and two hundred or more slightly injured. Ludwigshafen reports that three workmen's trains were buried under the wreckage and many children on their way to school in that town were injured.

Heartrending scenes were witnessed on all sides. At the little cemetery on the outskirts of Oppau there are already more than two hundred bodies laid on the grass. Numerous tombstones were lifted and hurled in various directions by the force of the explosion. There was not a door or window left intact for a radius of three miles.

French medical units are aiding in the rescue work. Assistance also has been rushed from all the neighboring towns and all public and private motor cars and vehicles were requisitioned. The roads leading to Oppau were soon crowded with people making their way to the scene of the disaster.

WESTMINSTER CHURCH AT FAMILY SUPPER

Large Gathering of Members Held Wednesday Night—Talked of Plans for Coming Year.

A congregational meeting was held at Westminster church Wednesday night. It was a home gathering and the Ladies Aid society of the church served an excellent supper at 6:30 o'clock. Many of the members have been out of the city during the summer time and so the gathering last night had its pleasant social features.

After the supper had been served the pastor, Dr. Thomas Smith, led in a short devotional service and then several songs were sung. The pastor then spoke in a brief way. On motion of Ensey Moore the assembly elected W. J. Brady as chairman and G. C. Guthrie as secretary. A financial statement was presented by Mrs. G. C. Guthrie, the church treasurer, showing a very gratifying year. Then came a discussion of the budget for the coming year. The plan was to ask for pledges from those present and to appoint a committee to co-operate with the trustees in securing the additional pledges necessary.

Several of the members spoke and the pledges made indicated the interest of the people in the church organization. Stanley I. Davis, president of the brotherhood, promised the assistance of that organization in concluding the campaign.

WITNESSES AT PRELIMINARY

Witnesses tomorrow at the preliminary hearing of the murder charges against Arbutke in the court of Police Judge Sylvain Larus will probably include Dr. Shelby Strange, the autopsy surgeon, Dr. William Ophuls, who performed the postmortem on Mirapape, Mrs. Bamber, Maud De Mont, who swore to the murder complaint, Miss Grace Halston, one of Miss Rappe's nurses and Miss Alice Blake and Miss Z. Prevost, who attended the party. This was announced by Milton U'Ren, assistant district attorney.

He said the length of the preliminary hearing would depend on the amount of cross examination by the defense.

Brady said Lowell Sherman last reported to be in New York was not needed by the police examination but that if he became necessary to enforce his attendance at the trial itself might be against him would be sought from the grand jury.

Dr. Arthur Beardslee, the hot physician who attended Mirapape, had not returned from hunting trip today, but no concern was expressed over his non-appearance. It was announced that he might be a witness at the preliminary hearing.

The Illinois Central earnings for the first seven months of this year were \$10,800,000 by comparison with \$4,000,000 for the same period in 1920. Evidently Mr. Ford's services are not needed to straighten out the financial affairs of the Illinois Central.

Decatur is seeking to have the permanent headquarters of the Knights of Pythias lodge located there. If Jacksonville cannot secure the headquarters we don't recall for the moment a city with more friendly atmosphere than that of Decatur. There are some other advantages that the Decaturites can also urge with propriety.

There are several street pavements in Jacksonville which are no means a joy to auto drivers. However, many of them can testify that neighboring cities have some street pavements that are equally as bad. This does not mean that the poor pavements in Jacksonville should not be improved, but does answer the sug-

gestion sometimes made that this is the only city with bad street pavements.

Since the Pittsburgh-plus plan has worked so advantageously for the steel manufacturers it is not surprising that the cement producers are applying a like plan to their products. A witness for the manufacturers told the Dailey commission that the system followed in the sale of cement operates like the Pittsburgh plan and he should know.

The miners in convention are already talking about the agreement which is to be negotiated with the operators next April and insist that there will be no reduction in the mining scale. The operators have already let it be known that there must be a reduction.

At any rate this sounding of an alarm so many months in advance of the actual happening may have the effect of creating a heavier demand for fuel in succeeding months. Possibly it is this very thing that both the miners and operators have as a motive for the recent announcements.

If a complete list were made of the men who have gone from Jacksonville in the last twenty years and achieved distinction in business or professional work that record would be surprisingly long.

In the list one would find the name of Stephen R. Capps, whose scientific work on behalf of the government has been notable. Something about Mr. Capps' work in Alaska is indicated in paragraphs which appear elsewhere in this issue.

Work of the kind that Mr. Capps has done measured by real standards has more of value than a mere business achievement.

SAFEGUARDING CHILD WORKERS

How one state has developed unique methods of protecting its youngest wage-earners is shown in a report just issued by the U. S. Department of Labor through the Children's Bureau, describing the employment-certificate system in Wisconsin. This report is the fourth of a series dealing with the administration of child-labor laws, previous reports having summarized methods of administration in Connecticut, Maryland and New York.

In Wisconsin the state industrial commission has control over both the issuance of employment certificates and the inspection of industrial establishments. It has general supervision over the officers granting work permits and also has sole authority to appoint these officers. This centralized authority is strengthened by the commission's power to interpret legislation thru its own rules and regulations, which are legally binding. Moreover, the commission's work of protecting children from illegal employment is made more effective by its power to bring civil action, instead of only criminal, for nearly all child-labor violations; the employer may thus be made to testify and to produce his records.

The possibility of a child's working without a permit is reduced to a minimum by an exceptional provision of the workmen's compensation law. If a child of permit age is injured while working without a permit or in a prohibited occupation, his employer must pay three times the compensation ordinarily required and he cannot protect himself from this additional risk thru insurance. The fear of this clause and the operation of the minimum wage law have resulted, the industrial commission reports, in a decrease in the number of employed children. The number of employed children is likely to be decreased still further thru the operation of laws passed at the 1921 session of the legislature.

MAY COMBINE MONEY RAISING CAMPAIGNS

Co-ordination of Campaigns for Various Philanthropic Enterprises Considered at Informal Gathering Wednesday Noon at Peacock Inn.

A number of persons who are interested in the suggestion that campaigns for several philanthropic enterprises be combined met at the Peacock Inn at noon Wednesday. It was an informal gathering and there was general discussion of the project following a brief explanation made by E. E. Crabtree.

As the result of the conference a committee was named to go into the project thoroughly and to report a plan at a later conference. At that time it will be decided whether or not it is feasible to co-ordinate various projects into one general plan. The committee elected includes M. L. Pontius, chairman; E. A. Brennan, H. J. Rodgers, H. L. Capps, Dr. J. Josephine Milligan, Fletcher Hopper and H. A. Perrin. This committee was selected by a committee named by the chairman, including R. Y. Rowe, Earl M. Spink and Rev. W. H. Marbach.

The matter of co-ordinating campaigns comes to attention at this time particularly because the Social Service League must immediately secure funds, the Salvation Army and Near East committee are asking that the county meet a share in the quota of the state. These are three causes which are soon to be presented to the public and others are to be taken into consideration.

One of the principal arguments advanced in favor of uniting campaigns is the lessening of time and expense. Most of the work of these soliciting efforts seems to fall largely upon the same people and to ask them to go out and canvas for funds again and again means great inroads upon their time. Then it is recognized that under present general business conditions there are some difficulties attendant upon the soliciting of funds for any good cause and it is maintained that a big well ordered working organization for a number of causes at one time will be able to accomplish more than if the task be left to a number of separate organizations.

As already indicated, the decision in the matter will not be made until the committee appointed has reported. It is the intention, however, to have this report at an early date so that a decision may be reached quickly.

COUNTY ODD FELLOWS AT CHAPIN PICNIC

Large Number in Attendance at Chapin Picnic—Two Resident Ministers Now—Some News Notes.

Chapin, Sept. 21.—Miss R. Joy French left Monday night for her home in Rome, New York.

Miss Anna Niemman, former teacher of English at the County High School was united in marriage to Mr. Lee Overton Tuesday evening at Winchester.

Misses Effie and Helene Markham were shopping in Jacksonville Tuesday.

The many friends of little Harriet Danforth are sorry to hear of her severe illness. Chapin welcomed the arrival of both Rev. Mr. Lough and Rev. Mr. Crabtree, more especially since the town has been without a resident minister for over a year.

The Mitchell family, who have been residing in the south part of town, have moved to Jacksonville. The County Odd Fellows picnic was in full swing all day Wednesday. The heavy rain doubtless kept many away and every one was late coming in. The program was interesting and the Merritt band furnished music all day. In the afternoon the Murrayville ball team defeated the Chapin Grays by a score of 7 to 3. An excellent dinner and supper was served by the Rebekahs.

Mr. and Mrs. Frank Smith and Mrs. Emma Standage of Beardstown were among the visitors Wednesday.

Mr. and Mrs. E. E. Sidis spent Sunday in Springfield, the guest of Mr. Sidis' sister.

News Notes
Harold Bisch of Springfield was a visitor at the E. F. Antrobus home Wednesday.

Editor and Mrs. E. D. Beard of Bluffs drove over Wednesday afternoon for the picnic.

Miss Amy Onken was a Jacksonville visitor Wednesday.

John Boddy of Markham was a business visitor in Chapin Wednesday morning.

H. H. Bancroft and J. Marshall Miller were among the Jacksonville people who took a part in the picnic program Wednesday.

F. W. Schultiss was a Jacksonville caller Tuesday.

MISS WEBER BRIDE OF LEONARD WOOD

Ceremony Held at Home of Bride's Mother, Mrs. Herman Weber, Wednesday Evening.

In a pretty home ceremony performed at eight o'clock last evening at the home of Mrs. Herman Weber on South Main street, her daughter, Miss Anna Weber, became the bride of Leonard Wood of Chicago. The marriage rites were said in the living room where a color scheme of pink and green was attractively carried out. Reverend M. L. Pontius of the Central Christian church performed the ceremony before a company of the intimate friends and relatives of the young couple. Before the vows were said, Miss Dorothy Weber, a sister of the bride, sang "I Love You Truly" by Carrie Jacobs-Bond and Miss Lillian Carter played the Mendelssohn wedding march.

The couple were unattended and simplified marked the whole ceremony. The bride wore a travelling suit of blue tricot and carried a corsage bouquet of Ward roses. Following the ceremony a wedding luncheon was served in the dining room where yellow and green were used in lovely decorations.

The young couple left last evening for a short trip in the northern part of the state before going to Chicago where they will make their home.

The bride is the daughter of Mrs. Herman Weber and is well known in Jacksonville where she graduated from the high school and made her home until three years ago. She is a young lady whose charm of personality has won her many real friends.

Mr. Wood is the son of Mr. and Mrs. W. J. Wood of West College street. He also has many friends here as his school days were spent at the Jacksonville high school. He is now railway messenger for the American Railway Express company operating out of Chicago.

TRAPSHOOTERS AT ALEXANDER

The Central Illinois Trapshooters Association opened a two days' tournament at Alexander yesterday morning. Thirty of the best trap shots in this section of the country were on hand to shoot their quota of one hundred and fifty. Besides Morgan county, Decatur, Bloomington, Springfield, Peoria, Mt. Pulaski and Hillsboro are represented.

The association is divided into several small leagues and shoots are held each month in the various towns of the district.

FIRST CHAPEL SERVICE AT WOMAN'S COLLEGE

Inaugural Service Wednesday Morning Marked Opening of Year at Local Institution—Dr. Harker Made Brief Address.

The first chapel services for this year at Illinois Woman's College took place Wednesday morning. In addition to the students there were numerous visitors and the service was in every way inspiring. Dr. Harker presided and made a brief address, after a musical program had been given by members of the faculty of the College of Music. The service began with the singing of Alma Mater and then the audience joined in reciting several psalms.

On behalf of the ministerial association Rev. T. H. Tull invited the young women to attend service in any of the churches of Jacksonville, assuring them that their presence would be welcome. Dr. Harker presented greetings from a number of alumnae and trustees of the college. Mrs. Catherine D. Cole wrote from her home in Ohio and a note especially appreciated was that from Mrs. Griffith, who Tuesday celebrated her ninetieth birthday. Mrs. Griffith was one of the earliest graduates of the college. Dr. Welch and Senator James H. MacMurry, trustees of the college who have been attending the ecumenical conference in London, sent messages of greetings, as did Mrs. E. C. Lambert, another of the trustees.

Dr. Harker in his inspirational address told the young women that the college is the place to "find" themselves. He said that in such an institution the young women will learn both their limitations and possibilities and that education should open up new vistas of opportunity and new ideals of service. With a definite purpose in mind, the president said, and the using of opportunity for study and improvement there is no doubt about the development than can come to each individual.

Dr. Harker made the suggestion of all round development of mind and spirit and body. Miss Louise Miller sang and Miss Kirby, new member of the music faculty, played a selection.

"Straight is the Way," a great crook play, two hours and forty minutes of smiles and tears. Rialto, last time today.

WELCOME BACK TO ILLINOIS

Silvery laughs and bits of song
Morn and eve we hear;
Passing by a merry throng
For the coming year.

Serenades most every night
Near Academy Hall;
Strolling in the soft moon-light;
Oldest story of all.

Summer silence witness here
Gone was half our joy
Till your playtime days were o'er
And you came back to Illinois.
Glad are we to see you here
Faces old and new;
Wish you God-speed all the year
As we welcome you.
Susie A. Hughes.

Buy An Extra Pair of TROUSERS

WITH YOUR NEXT SUIT

- Buying an extra pair of trousers when ordering a suit is the biggest economy that a man can practice today.
- It is true that prices are considerably lower than last year, and also true that they are as low as they possibly can be this year. But a big saving can be effected by the economically minded.
- You buy a business suit, no matter how choice the material or how well tailored, and invariably the trousers are gone before the coat begins to show any real signs of wear, and you won't wear the coat with any old trousers, so discarded it goes—money lost.
- The extra trousers when you are ordering a suit cost but little more and really double the life of your suit, actually postponing the purchase of a new outfit.
- Our new weaves are in for fall suits and overcoats, ready for your inspection
- Prices are very low.

SWIFT CLUB IN REGULAR MEETING

Was Held at Pacific Hotel Cafe—Address by Harold Welch, Secretary of the Chamber of Commerce.

The newly organized Swift club held its regular meeting at the New Pacific Hotel Cafe yesterday evening. A fine dinner was served the twenty members present, only two or three being absent on account of being out of town.

A few minor business matters were transacted and then the meeting was devoted to Mr. Harold Welch, secretary of the local Chamber of Commerce, who made a brilliant address. Mr. Welch first outlined the start and growth of the Chamber of Commerce as a country wide institution and then told of the work of the organization in Jacksonville.

He laid particular stress upon the mutual advantages to be gained by both employer and employees thru a better and more thorough acquaintance with each other. To this end clubs, like the Swift clubs, are being organized in almost every large industry to promote this better acquaintance.

He spoke with true insight upon the relation of the employee and the employer and thru his talk made many very opportune and helpful suggestions to the club. These clubs, like the Swift clubs, are said to be controlling factors for amicable settlements during labor troubles in the large industries and are looked upon as one of the nation's best bulwarks against troubles of this kind.

The local Swift club is the first club to be organized in connection with a Swift branch house. There are thirteen Swift clubs connected with the big packing plants but this is the first branch house club. This club is a rapidly growing organization and the membership is looked to increase considerably in the near future. The next meeting of the club will be held Wednesday, October 27. The date has been changed from the last Wednesday of the month in order to make it possible for more of the members to attend. Mr. Thies will be the speaker at this meeting and will talk on the dairy industry. Mr. Thies was formerly connected with the State Dairy in Springfield.

HOME FROM A JOURNEY

Mr. and Mrs. C. Riggs Taylor of South Jacksonville have returned from an interesting trip eastward. First they visited Mr. Taylor's brother, S. D. Taylor at Champaign; then next they went to Danville to visit Mr. Taylor's sister, Mrs. J. M. Talmage; then to Matteson for a visit with Mr. Taylor's brother, John H. Taylor and last to Pana to visit a nephew, son of John Taylor, and from that place they sought the best of all—home.

TURNING THE HOGS IN THE CORN

It is said that more farmers than usual in Morgan county are following the plan of "hogging down" corn. This is true particularly because the hogging down method saves the expense of cutting or gathering the corn. Another reason for the increase in the use of the method this year is that feeding hogs under present conditions offers the best way for securing a fair price for corn. Old corn is worth about 40c a bushel and new corn 32 to 33c. With hogs selling from \$7.50 to \$7.75, the farmer is impressed with the thought that the best way to market his grain is by the feeding plan.

John W. Leach said yesterday that he has 30 acres of corn planted with soy beans that he is harvesting in this way. Mr. Leach said that this is the cheapest method for marketing the crop and believes that he will get a better return from the corn than would otherwise be true. He does not feel that there is any danger in turning the hogs into the corn and letting them eat all that they will.

Charles A. Row, who was discussing the matter with Mr. Leach, is not so enthusiastic about hogging down corn just at this time. Mr. Row's principal reason is going slow is the frequent rains. "I do not like to turn hogs into a muddy cornfield," he said, "because under these conditions it seems to me there is a definite amount of waste." Continuing he said, "In the field where I have been thinking of turning the hogs there is a heavy growth of soy beans and I think it better to have the hogs somewhat accustomed to the beans before they are turned into the field. Then in addition there is the waste to be taken into account and I think that the feeding conditions will be better after the rainy season has passed."

GROWING OLD GRACEFULLY

At a family gathering the 90th birthday of Mrs. Alice Griffith was observed Tuesday at the home of her daughter, Mrs. T. J. Pitner. Dr. and Mrs. Griffith of Springfield were here for the important anniversary. Mrs. Griffith is in many ways a remarkable woman. Although she is not strong physically her mentality has been maintained and she has a present day interest in her friends and in the affairs of life. For fifty years she was a resident of Springfield where her husband, Dr. B. M. Griffith was long prominent as a physician and as a private citizen. Mrs. Griffith yesterday sent greetings to Illinois Woman's college as she was a member of the first class which graduated from the college.

BLUFFS GIRL IS BRIDE OF HARRY CHAMBERS

Miss Minnie Rant and Harry Chambers of Naples United in Marriage at Washburn, Ill.—Other Bluffs News.

Bluffs, Sept. 21.—Miss Minnie Rant of Bluffs, youngest daughter of Mr. and Mrs. Ed Rant, Sr., and Mr. Harry Chambers of Naples, son of Mr. and Mrs. James Chambers surprised their relatives and friends by quietly leaving for Washburn where they were united in marriage at 7:30 o'clock, Monday evening, Sept. 12, at the home of Mrs. Erell Seckinger, the Rev. Dale White, pastor of the Presbyterian church of that city officiating.

The bride was neatly gowned in a traveling suit of blue with gloves and picture hat to match and carried a shower bouquet of bride's roses and was unattended.

The bride grew to early womanhood in Bluffs and vicinity and is a graduate of the Bluffs high school, class of 1921. She has many friends and one of her beautiful traits of character is that she is true to her friends and may be depended upon at all times.

The groom is also a graduate of the Bluffs high school class of 1919. It was during school life that the young couple became mutually attracted toward each other, the culmination of their friendship being the marriage which took place at the home of the bride's friend, Mrs. Erell Seckinger, also of the class of 1921. They will reside in Naples where the groom will assist his father on the farm.

Mrs. E. D. Baird has returned from a six weeks' visit with relatives and friends in Chicago and Michigan City, Mich.

Little Emmeline Collins, who has been seriously ill is slowly recovering.

Walter Nortrup of Tulsa, Okla., has arrived for a visit with his parents, Mr. and Mrs. Richard Nortrup.

Raymond Knoepfel and Bonnie Rockwood left Monday to take up their duties in the sophomore class of the Illinois College.

Mrs. Lee Baird and daughter, Ruth Anna, spent Monday and Tuesday with relatives in Mt. Sterling.

William Seaman thinks he has the prize lima bean vine. It has reached the top of a thirty foot telephone pole and is still mounting skyward.

Work is progressing rapidly on the new business houses, J. E. Tikes' general store and Harry Gersendorfer's meat market.

Rev. E. D. Palmer, who has been the guest of his brother Rev. E. T. Palmer has returned to his duties in Chicago.

MATRIMONY

Lampton-Buchanan

Miss Della Buchanan, of Hull, Ill., and Pearl Lampton, of Kilbourne, Ill., were united in marriage yesterday morning by Rev. G. W. Randell at the Brooklyn parsonage. They were accompanied by Mr. and Mrs. Ernest Lampton. The party motored here from Hull.

BRIGGS-McLIN

Martin Briggs and Miss Amelia McLin, both of Virginia, were united in marriage at 11:30 o'clock Wednesday morning by the Rev. Myron L. Poulus at the Central Christian church parsonage. They were unattended. The groom is a farmer and they will reside on a farm near Virginia.

AT THE LONDON CONFERENCE

Rev. and Mrs. Julian Wadsworth and Miss Mary Wadsworth of the Methodist center in Chateau Thierry have been in attendance at the Methodist conference in London. They were present when a cable of greetings was received from the Central Illinois conference at Jacksonville, and coming from Jacksonville it must have seemed to them like a message from home.

IMPROVEMENTS BEING MADE

Dr. A. M. King is having extensive improvements made on the property he recently purchased from his mother and work on them is already under way. The second story will be made into two strictly modern flats and will make a fine home for persons desiring flats. He is also having an additional office room made on the first floor which he will rent to some one wishing an office in the business district. T. C. Chumley has the contract for the work.

Mrs. W. F. Widmayer and daughters Hazel and Ida, left yesterday morning for Chicago, from which place they will go to Berkeley, California. Mr. Widmayer is remaining in the city until he can dispose of his business.

SIMPLE APPLICATION THAT DISSOLVES BLACKHEADS

No more squeezing and pinching to get rid of those unsightly blackheads. There is one simple, safe and sure way to get them out and that is to dissolve them. To do this just get about two ounces of calomite powder from your druggist—sprinkle a little on a hot, wet sponge—rub briskly over the blackheads for a few seconds—wash the parts and every blackhead will be gone. Pinching and squeezing out blackheads make large pores and you cannot get all of the blackheads out this way—while this simple application of calomite powder and water dissolves every particle of them and leaves the skin and pores in their natural condition. Any druggist will sell you the calomite powder and about two ounces will be all you will ever need.

WINCHESTER CLUB MET WEDNESDAY

Household Science Department of Woman's Club Met at Hains-further Home—Other Winchester News.

Winchester, Sept. 21.—Members of the Household Science department of the Woman's club held the first meeting of the year at the home of the chairman, Mrs. David Hainsfurther. After the business session Mrs. Lee Cunningham opened the program with a reading and this was followed by a brief address by Mrs. A. Wehl, member of the park board of Jacksonville, who spoke on "Beautifying Parks." The program was one which was very much enjoyed by every one present.

A social hour came afterward, when coffee and various kinds of sandwiches were served.

News Notes.

R. C. Hatfield and bride of St. Louis are visiting at the home of the latter's parents, Mr. and Mrs. Harvey Green, west of town.

E. J. Frost and son Robert left Wednesday afternoon for St. Louis where Robert will enter Washington university for the winter.

Mrs. Sybil Fox left Wednesday for a visit in St. Louis.

Len Stewart was pleasantly surprised Monday evening by a number of his friends of the Baptist church. A picnic supper was enjoyed in the dining room of the church and afterward came several hours spent with games and contests. The occasion, which was in honor of Mr. Stewart's birthday, was one which was greatly enjoyed by all present.

Miss Margaret Watt of St. Louis is visiting her parents, Mr. and Mrs. D. D. Watt, west of town. William Wells and daughters, and Miss Martha Higgins were visitors in Jacksonville Wednesday.

William McLaughlin and family, Mr. and Mrs. Joe Patrick, Mr. and Mrs. William Knapp and William McLaughlin, Jr., all of Winchester; Mr. and Mrs. Lee Knapp and James Knapp and family of Jacksonville enjoyed a picnic dinner at Nichols park Wednesday. The party went to the park early and spent the entire day very pleasantly there.

Mrs. John Sherlock left Wednesday for a short visit with relatives in Jacksonville.

CITY GOLF TOURNEY TO START SUNDAY

Sixteen Players Are Entered so Far—Others May Start By Leaving Their Names With F. E. Farrell or L. F. Randall.

Arrangements have been completed for the second annual golf tournament for the champion-

ship of the city represented by the cup given by the Illustrated Golf publication. The tournament play will start Sunday, September 25.

The tournament last year was a great success, being won by Marcy W. Osborne, who now holds the cup. In this tournament there will be no handicaps, everybody playing from scratch. It was announced last night that sixteen players have entered so far, tho there should, and probably will, be several more who will turn in their entries before Saturday. Any players wishing to enter may leave their names with F. E. Farrell at the Farrell State bank or with L. F. Randall at the Drexel billiard room up to noon Saturday.

With the present entry list it is planned to have sixteen play Sunday morning and eight Sunday afternoon which will bring the tournament down to the semifinals. These will be played some during the week at a time to be fixed by the contestants.

The finals will be played Sunday, Oct. 2. Eighteen holes will be played in the morning and eighteen in the afternoon. The winner will hold the cup for one year.

In case there are more entries it may necessitate a change in the playing of next Sunday. However it is the intention of those in charge to publish the list of the drawings in the Journal Sunday morning so that the contestants will know where they are to play.

SUNDAY SCHOOL CONVENTION ENDS

Meeting at Franklin One of the Largest Ever Held—Officers Elected and Resolutions Adopted.

The Morgan County Sunday school convention ended yesterday afternoon and was one of the largest ever held in the county. Over three hundred delegates were present and the convention was a success in every way.

The election of officers for the association was held and the following is the list for the coming year:

President, Fred J. Schofield, Lynnville; Secretary, J. S. Findley, Jacksonville; Treasurer, Wilbert Hauck, Jacksonville; District Vice-President, Northeast, Arthur Swain, Southeast, B. F. Rawlings, Franklin; Southwest, J. K. Cunningham, Murrayville; Northwest, C. E. Rice, Meredonia; Childrens division supt., Mrs. Walter Rabjohns, Jacksonville; Young Peoples Supt., Harlan A. Williamson, Jacksonville; Adult Supt., Dr. G. H. Kopper, Jacksonville; Administration, W. H. Crum, Litterberry; Education, Rev. W. E. Spoons, Jacksonville; Business, C. L. Mathis, Jacksonville; Missionary, Mrs. R. F. Stevenson, Jacksonville; Home Mrs. Charles Hopper, Jacksonville.

Finance Committee—A. A. Curry, Pisgah; Albert Crum, Jacksonville; M. B. Kepling, Franklin.

The above report was read by Arthur Swain, of the Recommendation committee, and is the report of the Nominating committee, which is composed of Frank Master, T. V. Hopper, and E. H. Crum. W. H. Crum, Arthur Swain, and Rev. J. R. Wallace made up the recommendation committee.

The program for Wednesday was carried out as planned with but few exceptions. In the morning, George N. Burnie, general secretary of the state association, spoke in the place of Mrs. Nellis Crain, of Woodson, William Colton, who was to lead the morning song service was ill. His place was filled by Homer Wood.

In the afternoon the convention had the pleasure of hearing a number that was not originally on the program. N. M. Ilahibaksh, of Calcutta, India, talked briefly on the Sunday schools of India and conditions there. In the afternoon session the Litterberry Sunday schools did not furnish the musical program they were booked for. Several numbers were rendered in their stead by Mrs. William Barrows and C. H. Schutt. Also the divisional conferences were not held and in their place an open discussion occurred.

The committee on resolutions made the following report: "Your committee on resolutions tenders to the officers and members of this church our sincere thanks for the use of the building and also the press who have so kindly printed the programs and given comments and advertised the convention.

To all those who have rendered us special music of any kind, to our State Secretary, George N. Burnie, and Hon. Francis G. Blair superintendent of public instruction for his most excellent and superb address, and for his kindness and his coming here without remuneration, which is much appreciated by the Morgan County Sunday School Association. And also those who have given their best services to the convention or helped in any other way.

We wish to tender our most sincere thanks to the good ladies of this city and vicinity for their splendid entertainment by opening their homes and showing us such royal hospitality.

W. H. CRUM,
ARTHUR SWAIN,
J. L. WALLACE.

The delegates to the convention were delightedly surprised yesterday when the Franklin ladies served them a sumptuous chicken dinner, free of charge. Every delegate received his share, and all had more than they could eat. Out of the twelve precincts in Morgan County, ten were represented at the convention. This is a very good showing and ranks as one of the best in previous years. The county association has a standing of 73 percent according to international rating and standards. This is very good but it is hoped that even this will be bettered in the years to come.

MISSIONARY SOCIETY
ELECTED OFFICERS

The regular meeting of the Woman's Home Missionary Society of Grace M. E. church was held at Mrs. Minnie Wheeler's residence, 1156 W. Lafayette avenue Tuesday afternoon.

Mrs. L. B. Spires led in the devotions. With Mrs. Shomaker presiding the reports of the different officers were read and approved. It was voted that for the coming year the regular meetings of the society be held in the social rooms of Grace church, which have just been beautifully decorated and refurnished. The sentiment of those present was freely expressed in favor of the change, beginning with the first meeting of the new society year in October.

It was voted that Mrs. Shoemaker be the official delegate to the conference meeting of the W. H. M. S. to be held November 17 and 18 in Champaign. It was decided to take the same pledges for the coming year excepting that the scholarship for Alma Shrader in the McCleskey Home be made \$70 instead of \$50 to conform with present prices. The total pledge not including dues will be \$175. In addition to the special scholarship of \$75 will be sent to Bennett Academy, Mathison, Miss., where one of our girls Miss Edna Osborne is teaching.

The following officers were elected.

President—Mrs. R. Shoemaker.
First Vice President—Mrs. James Breckon.

Second Vice President—Miss Lizzie Groves.

Recording Secretary—Mrs. Luther Wyatt.

Corresponding Secretary—Mrs. Dora E. Lowdermilk.

Treasurer—Mrs. Harry Timmons.

Mite Box Secretary—Mrs. P. E. Phipps.

Secretary of Literature—Mrs. Chas. Hopper.

Secretary of Children's work—Mrs. Sydney Jones.

Secretary of Young People's Work—Mrs. W. E. Hall.

Assistant Secretary of Young People's Work—Mrs. H. L. Griswold.

Secretary of Christian Stewardship—Mrs. H. A. Nelson.

Secretary of Evangelism—Mrs. J. F. Berry.

Secretary of Temperance—Mrs. J. A. Applebee.

The hostesses for the coming meetings will be announced in a few days. The program for the afternoon on the subject "Ourselves For Others" was made interesting by Mrs. Timmons and her assistants.

During the social hour delicious refreshments were served. Mrs. White and her daughters were assisted by Mrs. W. J. Wood, Mrs. A. E. Williamson, Mrs. C. E. Williamson, Mrs. Luther Wyatt and Mrs. C. E. Blair.

WHITE HALL HORSES MAKING GOOD RECORDS

Good Records Made on This Season's Circuits—H. E. Bell Attending Grand Lodge Sessions—Other White Hall News.

White Hall, Sept. 21.—White Hall race horses are making good records on this season's circuits. The performances of Sterling Dillon, the 2.20 trotter, is notable because the animal is fourteen years of age, and had not been in a race for six years and had not been in harness for three years. It was bought by J. E. Wyatt and L. L. Beasley, and has started eight times, winning five firsts, one second and one third, splitting first money and second money on another occasion. It was at Ottawa last week, and had just won first heat, when the grand stand fire stopped further racing. This week Sterling Dillon is at Mendota.

Herbert Denham's Eva Tango pacer 2.09 1-2 has done very well at several starts, winning at Galesburg, and is still on the circuit.

Mrs. James Bateman's Red B. 2.14 1-2 pacer has won two seconds and one first at Princeton, Kewanee and Alton.

G. R. Amos' Constant Dillon 2:21 trotter is at Cape Girardeau, Mo., this week, and was at Poplar Bluff last week. He has also started at Mt. Sterling, Carlinville and Jerseyville, Ill., and has been in the money at every start except Mt. Sterling. He will be at Sikeston, Mo., next week.

In this connection the public auction of a six-year-old pacer by Constable Joseph Browning last Saturday has a place. It was bought by Bud Howard at \$160.00, who bid it in to satisfy his claim for labor against one John Weaver of Pike County. The court costs are \$19.75, which Howard promised the constable he would pay, but at last accounts the constable still held the bill of court charges and Howard had the pacer. Howard is a man of integrity, however, and he may be trifling to the annoyance of constitutional officer. Later—Howard settles in full, and now has full custody of the racing animal, not marked.

The highway between White Hall and Hillview received an oiling this week, and this has put the road in first class condition.

A. E. Hudson is circulating a paper today to raise the White Hall end of the cost of oiling the road between White Hall and Roadhouse. The oil will likely be applied next week.

Carrollton comes to White Hall next Sunday, according to the local base ball magnate, A. E. Knight, who gave out this information today. Carrollton is loading up with the view of administering certain defeat to its old base ball rival, and nothing like that will be tolerated by White Hall.

H. E. Bell is attending the grand lodge, K. of J., this week, and J. D. Rowe has editorial charge of the Register.

A 10-pound son arrived at the home of Mr. and Mrs. Harry Muntz.

William R. Castleberry, of Chicago, was a recent guest of his parents, Mr. and Mrs. John Castleberry. He made the trip in his seven-passenger Lexington.

The North family is considering an event signaling the 100th anniversary of the coming of Ashland North to this vicinity, who founded the North family of White Hall.

Fall Overcoats and the Warm Weather

—Don't be led into procrastination.

—Don't be lulled into a belief that these exceptionally warm days mean that an overcoat will not feel mighty good before many days have rolled around.

—Remember, when you do need that coat you will need it quick.

—Don't forget that you have in mind having a new one made this fall; that you have been promising yourself a new overcoat for the past two seasons; that you were just waiting for them to be a little lower in price.

—And don't forget that it takes a few days in which to turn out a good job, and that there will be others in the same fix as yourself.

JOHNSON FAVORS PRE-WAR PRICES

Thinks World's Series Prices Should Return to Normalcy—Top Price Should be \$5 With 50 Cent Bleachers.

CHICAGO, Ill., Sept. 21.—Ban Johnson, president of the American League tonight declared himself in favor of a return to normalcy in world's series baseball prices and said that he was in favor of restoring the fifty cent world's series bleacher seats.

Mr. Johnson, John Haydier, president of the National League and Federal Judge K. M. Landis, baseball commissioner will meet here tomorrow to arrange preliminary details for the 1921 championship series.

Should the reduced prices for world's series admissions be proposed Mr. Johnson said he would vote in favor of it. He said he thought the return to normalcy should be heralded with a 50 cent minimum and maximum for the forthcoming series.

Prior to 1918 bleacher spectators witnessed the big clash for 50 cents. In that year bleacher admissions were doubled and the top price at \$5. Last year top prices were \$6.50.

The Newest Kitchen Need is the

"Katchall" Container

See It in Our Window

Supreme among those silent servants that remove so much of the drudgery from the daily kitchen routine is the Katchall—a smart-appearing, convenient, sanitary container for the temporary disposal of refuse and waste.

Saves Steps—Securely clamped to sink, table or kitchen cabinet the Katchall is always close at hand but never in the way. Because of its gallon capacity it need be emptied but once a day—never at night or during inclement weather.

Easy to Clean—Because there are no square corners in the Katchall it may be washed out under the faucet as easily as a bowl or pitcher.

Sanitary—The roll-top cover of the Katchall, which slides back easily at the mere touch of a finger, fits very snugly when closed, making the container absolutely odor-tight and rat-and-vermin-proof.

CLEVELAND AGAIN TIED WITH YANKEES

Boston, Sept. 21.—Cleveland is back into a virtual tie with New York for the leadership today when the world champions defeated Boston 5 to 1. Caldwell was hit on the hand with a drive from Foster's bat in the third and Morton pitched the remainder of the game effectively. Singles by Wambegans, Smith, Gardner and Johnston, together with Wood's sacrifice and Jones' had throw gave the visitors three runs in the fifth. Shoestring catches by Wood and Menoskey featured the game which was played in a drizzle.

Score: Cleveland 001 031 000—5 10 2 Boston 100 000 000—1 5 2 Caldwell, Morton and O'Neill; Jones, Thormahlen and Walters.

SENATORS WIN DOUBLE HEADER

Take Twin Bill from White Sox—Both Games are Hard Fought.

WASHINGTON, Sept. 21.—Washington crawled back into the first division in the American League race today by taking both games of a double header from Chicago. Pitcher Tom Phillips, a recruit from New Orleans, obtained a 3 to 2 verdict over Faber in the opener, Goslin's home run being the decisive factor. In the second game, Russell pitched effectively until the last two innings when the locals got the range and knocked him out of the box and won a 4 to 3 victory. The scores:

First Game R H E Chicago 100 100 000-2 9 1 Washington 300 000 003-3 6 1 Faber and Schalk; Phillips and Garity.

YANKS WILL PLAY TIGERS POSTPONED GAME

New York, Sept. 21.—The New York American League club will play off the postponed game of today with Detroit at the Polo Grounds tomorrow.

At a conference between the managers of the two teams this afternoon the Detroit club decided to say over another day and complete the series delayed by today's rain. The Yankees will open a four game series with Cleveland on Friday. It is generally expected that this series will decide the American League pennant winner and there is a heavy demand for tickets.

BABY BORN ON PEACE DAY

After Mother Had Been Restored to Health by Lydia E. Pinkham's Vegetable Compound

Salisbury, Mass.—"For seven years I had a female trouble and such bearing-down pains I could hardly do my housework. The doctor said, 'If you can have another baby it might be the best thing for you but I am afraid you cannot.' I began taking Lydia E. Pinkham's Vegetable Compound and my baby was born on 'Peace Day.' If women would only take your Vegetable Compound they would have better health, always recommend it."—Mrs. TRACY PATTEN, 2 Lincoln Ave., Salisbury, Mass.

The experience of maternity should not be approached with careful physical preparation, as it is impossible for a weak, sickly wife to bring healthy children into the world.

Therefore if a woman is suffering from a displacement, backache, inflammation, ulceration, bearing-down pains, headaches, nervousness or "the blues" she should profit by Mrs. Patten's experience, take Lydia E. Pinkham's Vegetable Compound and be restored to health.

DR. AND MRS. SCRUGGS ARE VISITORS HERE

Dr. and Mrs. E. L. Scruggs who formerly resided here as pastor of Mt. Emory Baptist church, have arrived in the city for a short visit with friends. Dr. Scruggs is now pastor at Jefferson City, Mo.

They report having had a most wonderful session at the National convention in Chicago. After leaving there, they went to Monmouth where he formerly pastored. They have had a grand time and lovely vacation there and arrived in this city Wednesday expecting to enjoy as equally well a nice time among friends here. Miss Idell Burgett is accompanying them. They will be house guests of Mr. and Mrs. Charles Hogan, Mr. and Mrs. Jesse Mounts and Miss Susie Lynch, while in the city.

THE WINCHESTER COAL MINE

The Winchester coal mine is operated again with hopes of success. The first mine was worked as far north as was practicable and then the shaft was closed and work discontinued. A man who worked in the first mine said it produced good coal and it was a pleasure to work in it. There were hardly any foreigners and that long before the World War they made good wages, four to six dollars a day.

The present shaft has been sunk far enough north to meet the vein again and it will probably be worked for a good while, enough at least to supply local demand. It is said that the C. & O. road values the coal very highly for use on locomotives.

GIANTS INCREASE LEAD OVER PIRATES

Take Final Game of Series from Chicago—White Pirates are Losing to Brooklyn.

CHICAGO, Sept. 21.—New York increased its lead in the pennant race to four games today by taking the final game of the series from Chicago 9 to 7, while Pittsburgh lost to Brooklyn. Thirty-two men took part in the game, each club using a quartet of pitchers. The league leaders drove Martin off the mound then bunched hits off Freeman after which Jones checked the slugging for a time. He weakened in the eighth however and with the tying run in and the winning run on base he was replaced by Ponder who was unable to hold McGraw's men, who went into the lead.

Chicago played an uphill game, driving Neft and Douglas off the mound. Shea being called on after four runs had been scored, in the seventh. Shea pitched to one batter and retired the side, then gave way to a pinch hitter during the Giants' rally in the eighth.

THE ROADS.

The roads yesterday were a wonderful exemplification of the value of oiling. Travelers from Winchester say they had no trouble while various persons in different directions said roads all right where oiled but where there was no oil the highways were muddy and bad.

HOW TO REVITALIZE WORNOUT EXHAUSTED NERVES

Your nerve power depends on plenty of good, rich red blood the kind that organic iron—Nuxated Iron—helps make. Nuxated Iron is like the iron in your blood and like the iron in spinach, carrots and apples, while metallic iron is iron just as it comes from the action of strong acids on iron filings. Nuxated Iron does not injure the teeth nor upset the stomach; it is an entirely different thing from ordinary metallic iron. It quickly helps make rich, red blood, revitalizes wornout exhausted nerves and give you new strength and energy. Over 4,000,000 people annually are using it. Beware of substitute. Always insist upon having good organic iron—Nuxated Iron. Look for the letters N. I. on every bottle. Sold by all druggists in liquid form—only—never in liquid form—only.

FROM COAST TO COAST.

An auto load of happy and very pleasant people passed thru the city yesterday on the first half of a long journey, Northampton, to Los Angeles, California. They were, Mrs. Sadie E. Wilson, son, Sheldon Coit, chauffeur, and a good one too, also Ralph Carr, smallest one of the number, and daughter, Miss Ruama. They were camping on the way and were having a pleasant time. They had been in Springfield four days waiting for good weather and expected to make Hannibal last night. They have friends in the metropolis of southern California and are eager to get to their

journey's end. They were taking the old time Santa Fe trail.

BOY SCOUTS TO MEET

Troop 7, Boy Scouts of America will meet at Grace church Friday evening.

ILLINOIS COLLEGE BEGINS YEAR'S WORK

Attendance Is Largest in History of Institution—Chapel Exercises Were of Great Interest.

An enthusiastic body of students and friends gathered in the chapel of Illinois College yesterday morning to enjoy the opening exercises of the 32nd year of that worthy institution. The capacity of the place was taxed to the utmost and a smile of well earned satisfaction shone on the face of President Rammelkamp as he surveyed the scene. The singing was in full keeping with the animus of the occasion. Scripture was read by Rev. George E. Stickney, pastor of the Congregational church, and prayer was offered by Dr. Hayden.

President Rammelkamp caused a ripple of laughter when he remarked that if they had good luck they would get thru by ten so that classes could assemble and have half time for their work and the end came not much beyond the limit mentioned. The get-together meeting this evening at 7:45 in the Pilgrim Memorial Hall in the north end of the Congregational church was announced and then Prof. Quast delighted every one with a superb vocal solo, "There Is No Death." He was urged to respond to an encore but declined with thanks.

President Talks.

President Rammelkamp said in part: "For sixteen years I have been president of this college and have kept a record of the gatherings on occasions similar to this and today witnesses the largest on record, even the exceptionally large one when our list was enlarged by the students' training class of the World War. The present enrollment is 236 which will doubtless be increased to 260 by the time all have come in who expect to do so. The freshmen class numbers 107 about the same as last year so I expect that will increase to 125.

"We welcome the new students with us for the first time; we welcome the returning ones; we welcome our friends, alumni and all who are with us this morning. I trust the new students will soon be at home and learn to love the campus and all associated with it.

"We welcome the new members of the faculty, Dr. R. O. Busey, department of modern languages; Dr. Marion Black, who succeeds Miss Flora Taylor, in the department of Latin and English; W. W. Guld, who succeeds Miss Daniels in mathematics and physics. We are also glad to announce the appointment of Hugh P. Green as lecturer on argumentation. The gentleman has shown eminent fitness for this position by winning prizes in Northwestern University; we welcome Prof. Vague, head of department of history and social sciences.

"In the conservatory but one change has been made; Miss Eloise Capps has been chosen instructor in violin.

"We are glad to announce that Sturtevant Hall is being restored as far as the first floor on which will be established a complete chemical laboratory. As soon as possible the second floor will be restored and used for biology department and lecture room with raised seats, that all may see and hear. All the time the aim will be for higher standards.

Tells of Former Students.

"Some of you have probably decided on the vocation for which you will fit yourselves and some have not. Your plans may not be fully carried out whatever they are, but the mental training you get here, if you properly apply yourselves will be of great value.

From this institution have gone forth eminent attorneys, J. N. Carter, justice of the state supreme court; W. C. Gundy, Richard Yates, noted war governor, and many others. In medicine our graduates have shown and will show much in return. Education enables a man to master all conditions in life. It is the trained mind that can think rapidly and well; can grasp a subject and comprehend it.

A man once asked Webster what was the most important and impressive thought that ever entered his mind and the great statesman replied, "the existence of God" and his sense of responsibility to that should be the great factor in all our plans and purposes; it should master our lives and enable us to live lives of service to our Creator and His enterprises on earth. Christ came to earth that men might be saved and become masters of themselves and thus learn to aid others.

The benediction by Dr. Thomas W. Smith, pastor of Westminster church, ended the exercises.

CLUBS AND SOCIETY

Ladies representing the various churches of the city will meet in the Ayers Bank Basement this afternoon at 4 o'clock in the interest of the Hi-Y club activities for the coming year. The object is to arrange for the supper that are served to the members before the meetings.

Brooklyn Ladies Aid Society Met

The Ladies Aid society of Brooklyn church held its regular meeting Wednesday afternoon at the church, the first meeting following the Conference. The officers of the society for the past year were unanimously reelected. They are: Mrs. John Kastrop, president; Mrs. William Bond, secretary, and Mrs. Eva Potter, treasurer. Following the business session the hostess, Mrs. T. F. Litter, assisted by Mesdames Randall, Kastrop and Henly, served suitable refreshments.

Queen Esther of Centenary Met.

The Queen Esther Circle of Centenary church held a regular meeting Tuesday evening in the church parlors. There was a large attendance and the meeting was one of great interest. Following the business session came a social hour and the serving of dainty refreshments. The hostesses of the evening were Mesdames Ruth Wilkinson and Eunice Haerle.

Entertain Friends at Peacock Inn.

Mr. Guy Husted, who is Farm Advisor of Scott county, and Mrs. Husted, delightfully entertained twelve couples of friends with a 7 o'clock dinner party and card party at the Blue Room of the Peacock Inn.

A delicious four course dinner was served after which the evening was given over to five hundred, in which all the guests participated. About 11:30 o'clock the merry party returned to Winchester.

The following is the list of guests and they are all from Winchester: Dr. and Mrs. Eckman, Mr. and Mrs. Bayshaw, Mr. and Mrs. Edmonson, Mr. and Mrs. Neat, Mr. and Mrs. McDonald, Mr. and Mrs. Smith, Mr. and Mrs. Bert Clark, Mr. and Mrs. Miles Gish, Mr. and Mrs. Ray Coons, and Mr. and Mrs. Albert Coultais.

U. C. T. Woman's Club Holds First Meeting of the Fall.

The U. C. T. Woman's club met yesterday afternoon at the home of Mrs. D. L. McCarty on North Main street. Mrs. Charles K. Moore was the assistant hostess and the meeting being the first one of the fall was very well attended.

The afternoon's program included some piano selections by Mrs. Ralph Cowgour and a group of songs by Mrs. Charles Moore, accompanied by Mrs. Oscar Morris. An important event of the new officers. The new president is Mrs. F. W. Hirsch; First Vice President, Mrs. P. A. Heneghan; Second Vice President, Mrs. L. Logsdon; Secretary, Mrs. D. B. Gaskin, and Treasurer, Mrs. V. L. Lavery.

Following the program a dainty two-course luncheon was served and a pretty color scheme of pink and white was carried out.

The next meeting of the club will be held the third Wednesday of October, at the home of Mrs. Gerald Taylor in Springfield. Mrs. Taylor formerly lived here.

Alexander Woman's Club Met Yesterday.

The Alexander Woman's Club held its regular meeting at the home of Mrs. Frank Foster yesterday afternoon. A good attendance of members and guests were present.

At this time it was voted to furnish one of the rooms of the Tuberculosis Sanatorium. It was also decided to hold the open meeting on October 12 with Mrs. Charles Strawn.

The following Domestic committee was then appointed for that occasion: Mrs. Wesley Robertson, chairman; Mrs. Bert Davenport, Mrs. Joe Zeller and Miss Nettie Grey.

The following interesting program of the papers was presented and was enjoyed by all. Paper—Constitution of Illinois, Mrs. Frank Foster. Paper—Organization of Counties, Mrs. Hinrichsen. Paper—Keokuk, Indian Chief, Mrs. William Decker.

After the program the usual social hour was enjoyed and the hostess served a delectable light luncheon.

The next meeting will be held at the home of Mrs. W. H. Schott on October 10.

DR. STEPHEN CAPPS VISITING RELATIVES

Is Guest of Sister Mrs. C. H. Rammelkamp—Has Just Returned From Alaska in the Interest of the Government.

Dr. Stephen Capps of Washington, D. C., is in Jacksonville visiting at the home of his sister, Mrs. C. H. Rammelkamp. Dr. Capps has just returned from four months spent in Alaska with the United States Geological survey. He was at the head of a party of five men sent out by the government for the purpose of mapping Alaska from a geographical and geological standpoint. This work was begun in 1898 and this summer's trip is the twelfth that Dr. Capps has made for the government.

The research work which Dr. Capps party conducted this year was done in the Cold Bay district in the Alaskan peninsula not far from Cognac Island. Here the country is little inhabited and travel must be accomplished either by foot or pack train, as there are no railroads in the section. This is true of much of Alaska and for this reason the work of mapping this vast territory is extremely slow and will probably not be completed for many years but the government sends several surveying parties to the country every summer.

In speaking of conditions in Alaska at present Dr. Capps stated that the country is not over prosperous. The gold mining industry has been hurt by high prices and owing to the increase in cost of labor, machinery and materials, many of the smaller gold mines have been compelled to cease operations. Gold is the only article which has not suffered a drop in price during the war. The price of an ounce of gold is just the same, yet the cost of mining it has greatly increased. To this fact Dr. Capps attributes present conditions in Alaska.

"The completion of the government railroad from Seward to Fairbanks, a distance of 460 miles, will mean a great opening up of the country," Dr. Capps declared. This road will run thru some of the most beautiful parts of Alaska, along the edge of the Mt. McKinley national park.

Seven years ago, before congress had made this area a national park, Dr. Capps published an illustrated article in the National Geographic magazine, describing this wonderful game country and making a plea for the preserving of the district by the government in order to protect the wild life there.

In the region where Dr. Capps made his surveys this year there are indications of rich oil fields. Within the last few years congress has made it possible for these oil lands to be staked and developed and Dr. Capps stated that it would not be long before the oil fields could be made of real commercial value.

From Jacksonville Dr. Capps will go to his home in Washington. During the winter months Dr. Capps formulates the reports and constructs the maps outlining the work done by his commission during the summer. These reports are then published in the society's bulletins and issued by the United States Geological Survey.

CARS COLLIDE IN SOUTH MAIN STREET

Miss Irene Lonergan, driving her Dixie Flyer, collided with Charles Partridge in a Ford at the West College avenue corner of South Main street. Both cars were damaged, but were able to be driven away. The occupants were uninjured.

Miss Lonergan was going south on Main street and was unable to see Mr. Partridge on account of a large wagon on the corner. He was unable to see her for the same reason with the result that the two cars bumped. It was very fortunate that no one was injured.

FROM CLEVELAND, OHIO, TO ARIZONA

A very interesting family arrived in the city Tuesday evening and spent the night camping in Nichols Park. The members were Mr. and Mrs. C. A. Polson, son and daughter, from Cleveland, Ohio, and they were enroute to Phoenix, Arizona, especially for the benefit of Mr. Polson's health. They were camping by the way and surveying the country as they went along. They were most affable and pleasant and made friends of all whom they met. Mr. Polson is an extensive auto supply manufacturer.

DOG LOCKED IN GROCERY STORE

Last evening a little dog was seen sitting in the window of George Douglas' grocery store. As it was far past closing time and nobody was in the store, friends notified Mr. Douglas of the canine visitor and he immediately came down town and let him out. The dog seemed more glad to get out than even Mr. Douglas was to have him out.

CELEBRATED MINSTRELS ARE COMING HERE

The minstrel fans of this city will be pleased to learn that one of the very best and latest minstrel organizations on the road is to visit this city.

Possibly certain people have forgotten that they are minstrel fans because it has been so long since they had an opportunity to see a really first class minstrel, however, the fever or minstrel microbe will get them when the richly dressed parade of the Famous Georgia Minstrels passes on our streets at noon the day they appear here.

The amusement question has by some people always involved "questionable" amusement question, but that theme is never aroused by the coming of a high class minstrel like the "Georgia" Base ball games, a good and an up to date minstrel to be at least three forms of amusements which are never questioned by the scrupulous. Laughter, the creating of laughter is the one purpose of the minstrel, as well as the rendering of tuneful and pleasing songs.

The minstrel man has been known from almost the beginning of this world's history and was well known by the writers of Biblical affairs. It is the very characteristic of the minstrel which makes it capable of appealing to all classes and when the Famous Georgia Minstrels appear at the Grand Friday night, there will be seen hundreds of people in the theatre who are not habitual theater goers.
